

Material Selection Guide

Constructed of galvanized steel, cleaned and finished with electrostatic high-grade synthetic enamel, and oven baked to provide a mar-resistant finish. Patented Permaseal™ edge design features a water tight fit for superior panel integrity against moisture penetration to stop panels rusting from the inside.

MATERIAL

Mills® state-of-the-art paint system offers 21 rich powder coat colors with long-lasting finishes. Colors are pre-tested, oven temperatures are controlled exactly, and conveyor speed is monitored. This electrostatically-applied baked enamel finish and the Permaseal edge makes Mills the best metal partition system available. Exclusive 15-year warranty against “rust-out.”

PRODUCTS

Sentinel™ overhead braced partitions, floor braced partitions, ceiling hung partitions, floor to ceiling partitions, urinal and sight screens.

APPLICATIONS

Mills baked enamel partitions are a beautiful, yet durable and economical choice for office buildings, restaurants, religious facilities or any application with moderate traffic.

For immediate delivery from stock colors, contact your local Mills distributor.
