

Specifier notes are shown in italics and should be deleted from the final document. Generally all of the manufacturer's products in this category are listed and the specifier must take care to delete those products not included in the project.

This Guideline Specification features products included in the Bradley BRADEX™ program which assures availability to ship within one week after receipt of order at the factory and which includes features normally furnished to customers. Other products and optional features not included in the Bradex™ program can be specified by adding suffix numbers to the listed model numbers.
