

## Smart never looked so good

### Introducing the OmniDeck™ with WashBar™ Technology

The exclusive all-in-one WashBar is now available with Bradley's OmniDeck line bringing you more handwashing options than ever before.

The WashBar, with completely touchless soap, water and dry functionality housed in one sleek, intuitive fixture, is now available in a Terreon solid surface deck with individual bowls providing personal space for the user.

Incorporate a sink that makes sense into your design: a striking, uncluttered handwashing fixture with complete clean+rinse+dry functionality.

## OmniDeck with WashBar technology

Save on operation and maintenance costs with fewer soap refills, less wet floor clean up, eliminate paper towels and spend less time emptying waste bins. OmniDeck with clean+rinse+dry WashBar technology is the smart, tailored solution you've been waiting for.

### Customized for your design

The OmniDeck with WashBar handwashing solution not only provides personal space with individual bowls, but also provides optimal customization to meet your design requirements.

- Available as a one-piece continuous solid surface deck up to 120" (3,048 MM) long with up to 4 bowls. Longer lengths can be seamed in the field.
- Placement of the bowls can be customized as well as the size of front and side aprons and optional backsplash.
- Available in dozens of Terreon solid surface colors with matching sheet stock for shelving
- Perfect for alcove renovations.

### Use in a variety of applications

This innovative solution for commercial washrooms is ADA compliant making it perfect for applications such as:

- Aquariums and Museums
- Financial Institutions
- Colleges and Universities
- Entertainment and Amusement Centers
- Healthcare and Office Buildings
- Restaurant and Retail Locations

## ALL-IN-ONE WASHBAR™

All the fundamentals of handwashing have been thoughtfully designed into Bradley's cutting edge WashBar.

The WashBar is a single piece of chrome plated stainless steel that combines soap, water and dryer for user convenience and design aesthetics. LED lighting on the WashBar visually orients the user along with easy to identify icons on the top of the bar.

#### CLEAN

- Touch-free activation
- Low level LED indicator
- Gallon soap capacity
- Simply replace soap tank – no cleaning or refilling
- Liquid and foam soap

#### RINSE

- Touch-free activation
- 0.5 GPM (1.9 LPM)
- Ultra-high efficient 0.35 GPM (1.4 LPM) option where water conservation is a necessity

#### DRY

- Touch-free activation
- Heated air stream dries hands quickly and efficiently
- Adjustable speed for quieter hand drying
