

# SafeCare® Lavatory System HSL1-Series Service Kits

## Overview

The HSL1-Series Service Kits are designed to provide replacement parts for each section of the HSL1-Series lavatory systems. The HSL1-Series Service Kits tech data document is similar to other tech data, providing necessary options for ordering the kits. Complete the tech data for each service kit required for your system.

## Construction

### Terreon® Solid Surface Material (Bowl and Sprayhead)

The continuous bowl is constructed of Terreon®, a densified solid surface material composed of bio-based resin, or TerreonRE, a densified solid surface material composed of a bio-based resin and preconsumer recycled granules. Terreon and TerreonRE are resistant to chemicals, stains, burns and impact. Surface damage can be easily repaired with everyday cleansers or fine grit abrasives.

## HSL1-Series Bowl Only Assembly

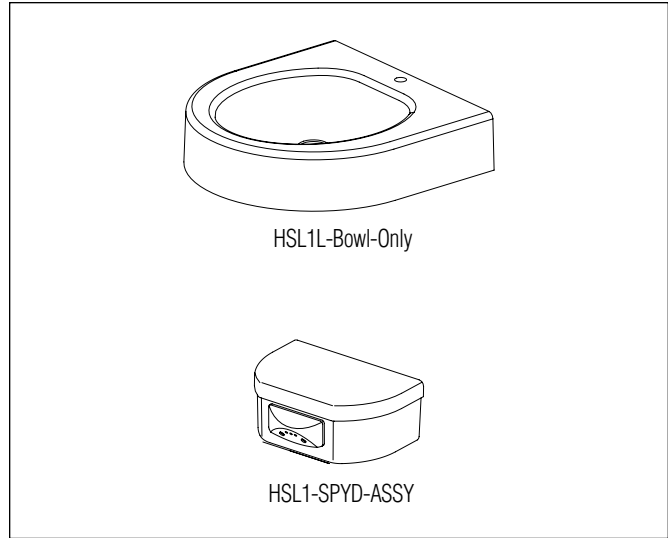

### HSL1-BOWL-ONLY

These kits are just for a replacement Terreon or TerreonRE bowl.

## HSL1-Series Sprayhead Assembly and Cover

### HSL1-SPYD-ASSY

This kit consists of the Terreon sprayhead assembly with all integral components required for connecting to the valve assembly. They are available as a replacement or a retrofit. The retrofit will include the valve assembly.

## Product Compliance

### Listed by NSF International to

- NSF/ANSI 372 (HSL1-SPYD-ASSY)

Certified to  
NSF/ANSI 372

### Listed by UL Environment to

- GreenGuard Gold
