

# Child Care Solutions

In October of 2016, the **Bathrooms Accessible in Every Situation or BABIES Act** was passed by the U.S. Government. This bill requires restrooms in all public buildings to be equipped with appropriate baby changing stations. Bradley has incorporated the latest technology into a variety of safe and sanitary child care solutions to complete your washroom.

## Baby Changing Stations

All Bradley baby changing stations include the following features:

- Concealed air shocks make opening and closing motions easy, smooth and safe
- Plastic components are bacteria-resistant
- Integrated, dual liner dispensers
- Safety straps with adjustable buckles
- Purse and diaper bag hooks
- Rated to support up to 250 lb (113 kg)
- See models next page

**New!** Model 962

## Toddler Seat **New!**

### Model 964

- Available in solid light-gray
- Made with bacteria-resistant, high-density plastic
- Steel support hinges with concealed air shocks that allows seat to open and close smoothly
- Anti-microbial safety belt with nylon buckle that is adjustable with one hand.
- Rated to support up to 50 lb (22.7 kg)

# Baby Changing Stations
