

# Rugged. Ready. Reliable.

High quality, long-lasting products for the most demanding commercial-industrial plumbing and safety applications.

## Washfountains

Durable, heavy-duty wash stations quickly service multiple users. Configurations to accommodate 3–8 users and models that allow for full arm length washing applications. Single water supply connection conserves water and is quick and easy to install. Available in Stainless Steel, Terrazzo, Terreon® or Bradstone™. Ideal for new construction or retrofit projects.

**Applications:** Entertainment venues, maintenance or repair facilities, manufacturing facilities, food processing facilities, schools, stadiums

## Express® MG-Series Lavatories

Reduced plumbing rough-ins, faster installation and one specification are just a few of the advantages of Bradley's Express Lavatory Systems. 50% less installation time than a bank of china sinks; 73% fewer connections mean lower installation costs. With one continuous bowl to clean, maintenance is made easy. One-piece solid surface basin with integral sprayhead body. More options than any other lavatory system.

**Applications:** Schools and universities, theaters, department stores, airports, stadiums, convention/civic centers, restaurants, supermarkets, health clubs/gyms

## Washroom Accessories

Stylish design and a variety of options provide restroom hygiene in any public facility. Full line of accessories including Diplomat™ accessories with unique dual curves for a single design aesthetic. Towel dispensers, soap dispensers, waste receptacles, grab bars, mirrors, Aerix® hand dryers, towel bars, robe hooks, shower seats and curtains. Stainless steel construction provides long lasting use in high traffic applications.

**Applications:** Airports and other public restrooms, hospitals, entertainment venues, restaurants, hotels/motels, schools, offices

## Emergency Eyewashes – Drench Showers

Reliable drenching relief of hazardous material for eyes, face and body. Complete offering of plumbed and portable systems with Halo™ technology and SpinTec™ showerheads for the fastest, most effective relief available. Bright BradTect® yellow fixtures are highly visible and easy to locate in an emergency. Products are manufactured to meet ANSI Z358.1 standards and are third-party certified through the Safety Equipment Institute.

**Applications:** Food processing facilities, hospitals, manufacturing facilities, mining, paper/pulp processing facilities, schools, transportation, warehouse, laboratories, government

## Mills® Toilet Partitions

Stylish partition panels provide privacy in high traffic public restrooms. Large selection of color and material options including: powder coated, stainless steel, phenolic core and Bradmar™ solid plastic. Variety of configurations to fit most bathroom designs: floor-mounted overhead braced, floor-braced, ceiling-hung and floor-to-ceiling. Powder Coated and Stainless panels are designed with a Permaseal™ edge to keep out moisture and eliminate rust – backed by a 15-year warranty.

**Applications:** Airports and other public restrooms, entertainment venues, restaurants, hotels/motels, schools, offices

### Lenox® Plastic Lockers

Impervious to moisture – plastic storage systems that won't rust or dent. Variety of styles, colors and configurations available in 1–6 tiers (openings), or Z-design. High-quality wrap around box design provides a sturdy structure that will withstand many years of use – backed with a 20-year warranty. Heavy-duty HDPE resists scratches and is easy to clean. Plastic Pedestal Benches and Locker Benches available.

**Applications:** Food processing facilities, manufacturing facilities, recreation/health clubs, schools, healthcare, hotels/motels

### Showers

Long-lasting single and multiple-user shower stations for public facilities. Variety of configurations available including wall-mounted, in-wall mounted, column and panel shower systems. Prefabricated stainless steel construction with hot and cold tempering valves or metering valves. Single water supply connection conserves water and is quick and easy to install. Ideal for new construction or retrofit projects.

**Applications:** Sports facilities, recreation/health clubs, hospitals, dormitories, healthcare facilities, schools, prisons

### Keltech® Tankless Water Heaters

Built to the toughest standards, Keltech tankless heaters provide hot water on demand and save water and energy. Boiler systems have to generate and maintain temperature 24 hours, seven days per week. Keltech heaters save energy by heating water only when necessary, and the innovative controller is fully modulating thus only the actual kW needed are used. Keltech tankless heaters also save space. Large, industrial tank water heaters need a lot of space, but Keltech heaters require only 3 square feet. Only one electrical connection and water is required for easy installation and there aren't any tanks, anodes or softeners to maintain.

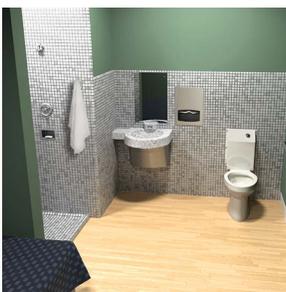

**Applications:** Commercial, light and large industrial, and safety shower and eyewash applications.

### Thermostatic Mixing Valves

Mixes hot and cold water to a comfortable temperature range in low or high use situations. Complete offering of valves for high/low demand used in conjunction with faucets, showers and emergency eyewash/drench shower equipment. Single valve design provides maximum efficiency in temperature control to within +/- 3°F and operating pressure based on valve capacity. Emergency valves with cold water fixed ports assures cold water flow while hot water shut-off ports prevent scalding.

**Applications:** Apartments, hospitals, entertainment venues, religious facilities, hotels/motels, manufacturing facilities, schools

### Patient Care – Faucets

SafeCare™ ligature resistant: lavatories and accessories. Patient care: toilet and lavatory combination units, wash centers and dialysis boxes. Faucets: Complement several Bradley sanitary fixtures with a variety of styles and activation options including infrared, capacitive sensing, push button and wrist blade.

**Applications:** Patient Care: hospitals and other healthcare facilities  
Faucets: office, healthcare, school or retail
