# Patient Care Modules provide patient comfort, staff convenience and unsurpassed quality

Bradley's Patient Care Modules offer the most relevant options for today's demanding Hospital applications. They are the best choice to enhance patient well-being and provide an alternative to separate bathrooms and exposed bedpan washers. Decorative cabinets conceal the water closets and help create a sense of privacy. The non-porous Terreon® solid surface countertops are easy to maintain and minimize bacterial growth.

## Pivoting Water Closet Series: LC700, LC750

Enhance patient safety and comfort with a bedside patient care module. A decorative .75" (1.9 cm) Classic Core™ laminate cabinet conceals the stainless steel water closet. Choose a solid surface Terreon top with integrated bowl or laminate top with a drop-in stainless steel bowl.

- 1 Terreon counter top with integral backsplash and no-drip edge
- 2 Integral Terreon double-step deep basin reduces splashing
- 3 Wide range of hands-free faucet options
- 4 Maintenance made easy with flush valve access door
- 5 Maximize durability with full perimeter stainless steel toe-kicks
- 6 Pivoting water closet's exclusive dual viton seal offers confidence in leak resistance
- 7 Hands free foot pedal release
- 8 Maximize footprint with storage cabinet or optional dialysis box
- 9 Streamlined design with concealed bedpan washer compartment

Models LC700 &  
LC750: United States  
Patent No. 6,986,171

## 24 Terreon & 8 TerreonRE Colors

Terreon solid surface material lasts a lifetime and can easily be repaired and renewed minimizing the need for replacement or disposal. TerreonRE recycled solid surface is composed of bio-based resin and pre-consumer recycled granules.

## Fixed Water Closet Series: LC500, LC800, LC840, LC2000

Help minimize bacterial growth with optional non-porous solid surface Terreon counter tops featuring integral bowl, faucet recess, no-drip edge and integral backsplash. Streamlined design includes options for an enclosed bedpan washer compartment and dialysis box. Enjoy the flexibility to choose a cabinet color to match any decor.

### LC500

Compact design for retrofit or new construction

- Durable epoxy-coated stainless steel cabinetry
- Large, conveniently located access panels for easy installation and maintenance

### LC840

Designed to be a space saver – just a 40" (1 m) wide footprint conserves space in small areas. New contoured design brings a contemporary look to a proven performer.

- Maximizes durability with full perimeter stainless steel toe-kicks
- Patented fold-down seat cover conceals the water closet and can provide additional guest seating

Model LC840: United States Patent Nos. 6,643,865, 7,007,318

### LC800

Features a 47" (1.2 m) wide footprint with multiple functions to maximize efficiency.

- China or stainless steel water closet
- Maximizes durability with full perimeter stainless steel toe-kicks
- Optional roll-away water closet enclosure allows for guest seating

### LC2000

Ample storage space and stylish barrier-free design. Includes fixed grab bar and padded flitop seat cover to increase patient safety and comfort.

- Designed to be barrier-free
- Hide-away padded seat cover and padded back rest
- Epoxy-coated stainless steel fixed water closet

## Faucet Options

Whether electronic or mechanical activation, Aerada™ faucets are constructed for durability and vandal resistance.

Aerada 1200 Series\* Capacitive Sensing

\* Available on select models only

Aerada 1100 Series Infrared Activation

Wristblade

Foot Pedal Control

# NEW! Clinical Sinks

Bradley's New Terreon Deep Well Lavatory is perfect for health care or sanitation applications

## TDWL

- Molded single piece design means no seams that can harbor harmful bacteria
- Made of vandal-resistant Terreon® solid surface
- Deep well lavatory minimizes splashing
- Integral extra height splashers help contain water
- Basin ledges are pitched towards bowl center to minimize puddling
- Basin bottom contours towards drain for quick drainage
- Perfect for health care or sanitation applications
