## Long-Lasting, Reliable with Global Appeal

Bradley understands that the designed space must be efficient and cost-effective, but also create a unique and engaging experience. And it needs to last; think durable and timeless.

Bradley brings you nearly a century of commercial plumbing knowledge and innovation proven by successful projects as far reaching as Los Angeles and New York to Hong Kong and Dubai. State of the art tools, skilled journeymen, keen vision and utmost care shape every product you'll use.

## THE ANSWER TO YOUR COMMERCIAL WASHROOM DESIGN CHALLENGES

Good design surrounds us and creates an environment that is not only visually appealing, but works on all levels of health, comfort, flexibility and ease of use. Good design takes into consideration the many ways that a space can influence the people using it – from Millennials to Boomers, from Interns to CEOs. Good design makes people feel good! And, good design is more important than ever and has moved the intersection of form and function beyond ordinary. Bradley's handwashing solutions are designed to meet at that intersection and give you design flexibility that surpasses expectations.

Built with superior craftsmanship for today's commercial restrooms, here are the products that will help you create a beautiful, long lasting restroom for your corporate interior space. Make Bradley's handcrafted handwashing fixtures and accessories a part of your next project.

# OMNIDECK™ HANDWASHING SOLUTIONS

Beautiful customized basins to achieve your unique design aesthetic. You will find that OmniDecks delivers on all counts: completely seamless, customizable, prefabricated for ease of install and ADA-compliant for barrier-free accessibility. From office buildings and healthcare settings to hotels, restaurants and convention centers, OmniDecks provide the versatility you need.

## Terreon

**Terreon® solid surface and Terreon®RE recycled solid surface** last a lifetime and can easily be repaired and renewed, thus minimizing the need for replacement or disposal. Terreon is a non-porous material which means that it will not support the growth of mold, mildew or bacteria, all substances that can adversely affect indoor air quality. Terreon is certified to meet the highest industry quality and performance standards for solid surface materials.
