# Washfountains

## Sustainable Design Since 1921

When Bradley introduced the washfountain in 1921, it revolutionized handwashing. Today, with more than 1,000,000 installations worldwide, no one comes close to Bradley's expertise, experience and reputation for quality. Bradley washfountains can handle any situation from tough industrial applications requiring heavy duty hand and arm washing to the latest high-tech facilities requiring light duty hand washing and ADA compliance.

- Save water – single water supply efficiently serves multiple users
- Save floor space – replace up to eight china lavatories
- Save time – installs with just one water and waste connection
- Save money – lifetime durability

## Classic

- Designed for heavy duty hand and arm washing
- Available in more materials than any other manufacturer: Terreon® Surface Material, Terrazzo, Bradstone™, or Stainless Steel
- Sectional sprayhead option saves water

Classic Terreon  
Model WF2504

Classic Terrazzo  
Model WF2604

Classic Bradstone  
Model WF2808

Classic Stainless Steel  
Model WF2708

## Sentry

- Floor- or wall-mounted with .5 GPM (1.9 L/min) per sprayhead nozzle
- Completely preassembled circular, semi-circular and corner models
- Available in Stainless Steel

Sentry Model  
SN2004

Sentry Model  
SN2013

Sentry Model  
SN2008

## Terreon Deep Bowl

- Designed for hand and arm washing
- Barrier-free design
- Available in Terreon Solid Surface Material

Terreon  
Model TDB3108

Terreon  
Model TDB3103

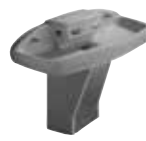

## Multi-Fount

- Floor- or wall-mounted with .5 GPM (1.9 L/min) per sprayhead nozzle
- Available in Terreon or TerreonRE Solid Surface Material
- Superior vandal resistance

Terreon Wall-Hung  
Quadra-Fount®  
Model MF2949

Terreon Floor-Mount  
Quadra-Fount  
Model MF2944

# Material Options

## Terreon & Terreon RE

- Rugged, repairable solid surface certified by NAHB to ANSI standards
- GREENGUARD Certified as low-emitting materials
- TerreonRE is a recycled solid surface material made with bio-based resin and pre-consumer granules
- Nonporous surface has superior stain and chemical resistance

## Terrazzo

- Constructed of natural materials for a beautiful, timeless look and lifetime durability
- Non-porous, cleanable finish minimizes microbial growth

## Bradstone

- Economical thermo set material is chemical resistant and is reinforced with fiberglass strands to ensure a lifetime of durability
- Attractive pattern gives the material a natural stone look

## Stainless Steel

- Heavy-duty construction provides years of maintenance-free service
- 60% recycled content: 25% post-consumer, 35% pre-consumer (averages)
