

A WATTS Brand

9530

Shower Curtain Rod

- ✓ Fixed mounting system
- ✓ Accommodates 60" or 72" shower stall
- ✓ Increases space in shower stall

Model 9530-600000 (60") *Bradex*®

Model 9530-720000 (72")

- ✓ **NOTE:** Curtain rods only available in 60" or 72" lengths.

Product Materials

FIXED BRACKETS: Stainless steel construction with exposed surfaces. Inside angle is 67.5 degrees.

TUBING: 1" diameter stainless steel, seamless construction with exposed surfaces in architectural satin finish.

Installation

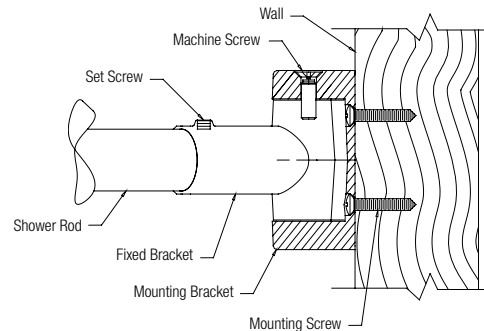

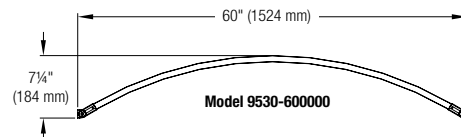

Verify all rough-in dimensions prior to installation. Screws and anchors provided with swivel brackets. For additional installation instructions, visit bradleycorp.com.

- ✓ When retrofitting or replacing a straight shower rod with Model 9530 curved shower rod, mount the new flange at the same location as the old flange. This will maximize the additional space a curved shower rod is designed to provide.

If properly mounted, the shower rod will withstand a maximum load of 50 lb without any sign of a permanent deflection.

Guide Specification

Shower curtain rod shall be fabricated of 20 gauge stainless steel in satin finish.

Orders composed of products indicated as **Bradex**® will be available to ship in three days after receipt of order at the factory. There is no pricing penalty for this service from Bradley.
