

# Express® Lavatory System SS-Series Service Kits

## Overview

The SS-Series Service Kits are designed to provide replacement parts for each section of the SS-Series lavatory systems. The SS-Series Service Kits tech data document is similar to other tech data, providing necessary options for ordering the kits. Complete the tech data for each service kit required for your system.

## Construction

### Terreon® Solid Surface Material (Bowl, Sprayhead Covers)

The one piece bowl is constructed of Terreon®, a densified solid surface material composed of bio-based resin, or TerreonRE, a densified solid surface material composed of a bio-based resin and preconsumer recycled granules. Terreon and TerreonRE are resistant to chemicals, stains, burns and impact. Surface damage can be easily repaired with everyday cleansers or fine grit abrasives.

### Support Frame, Access Panel and Sprayhead Body

Bowl assembly and panel are secured to a heavy gauge stainless steel support frame mounted to the wall. The access panels are composed of high impact polymer. Sprayhead bodies are injection molded poly-blend.

## SS-Series Bowl Assembly

### SS-2N-BOWL and SS-3N-BOWL

These kits consist of the bowl and sprayhead assembly and are available as a replacement or a retrofit. The replacement includes the bowl, the sprayhead with all the integral parts and the components required to connect to the pedestal assembly. The retrofit adds the parts required to change the type of control valves.

## SS-Series Bowl Only Assembly

### SS-2N-BOWL-ONLY and SS-3N-BOWL-ONLY

These kits are just for a replacement Terreon bowl.

## SS-Series Pedestal Assembly

### SS-2N-PED and SS-3N-PED

These kits consist of the pedestal frame, access panel, control valve assembly and supply connections.

## SS-Series Sprayhead Assembly and Cover

### SS-1N-SPYD-ASSY

These kits consist of the Terreon sprayhead body and optional sprayhead cover with all components required for connecting to the valve assembly. They are available as a replacement or a retrofit. The retrofit will include the valve assembly.

### SS-2N-SPYD-ASSY and SS-3N-SPYD-ASSY

These kits consist of the polymer sprayhead body and optional Terreon sprayhead cover with all the components required for connecting to the valve assembly. They are available as a replacement or a retrofit. The retrofit will include the valve assembly.

## SS-Series Cover Assembly

### SS-2N-COVR-ONLY and SS-3N-COVR-ONLY

These kits are for replacement Terreon sprayhead covers.

## Product Compliance

### Listed by NSF International to

- NSF/ANSI 372 (SS-2N-BOWL, SS-3N-BOWL, SS-2N-PED, SS-3N-PED, SS-1N-SPYD-ASSY, SS-2N-SPYD-ASSY, SS-3N-SPYD-ASSY)

Certified to  
NSF/ANSI 372

### Listed by UL Environment to

- GreenGuard Gold

**SS-Series Bowl Only**

<b>Model</b>	
SS-1N-BOWL-ONLY .....	SS-1N Bowl Only
<b>Standard Selections</b>	
<b>Select Faucet Drilling (select one ONLY)</b>
