

Specifications

Material

All materials are Type 304 stainless steel. Door is fabricated from 14 gauge stainless steel.

Construction

Doors

Doors are of a sandwich-type construction formed from two stainless steel sheets. Internally reinforced with stainless steel ribs and sound-deadening insulation. All welded construction with exposed welds ground smooth to eliminate all accessible seams and voids.

Latch

Solid stainless steel block with 3/8" diameter pins that extend on each side of block.

Hinge

Piano hinge fastened to door and shower with vandal-resistant screws.

Finish

All exposed surfaces to have a beadblast finish (optional #4 polished satin finish available).
